More about Cawthra Park:

At Cawthra Park Secondary School, students and staff live out the school's vision each day by "Learning the art of living; living the art of learning." The school is recognized for its successful integration of the regional arts and regular school programs. It provides a unique learning environment for all students.

Cawthra Park serves two communities of students and parents. Its immediate community is comprised of families who live in the southeast corner of Mississauga. Its wider community is made up of students from across Mississauga (south of Highway 401) who have auditioned to be in the arts program.

Since the school opened in 1972, its focus has been on academics, arts, athletics and citizenship. Staff are committed to preparing students to become lifelong learners.
